## FH Pressure Sensitive Sign Vinyl

A 3.0 mil Polished polymeric flexible calendared vinyl recommended for outdoor and indoor uses where a high quality marking film - requiring flexibility, durability and resistance to sunlight is required.

### FEATURES

- Up to 5 Year Outdoor Life
- 36 Colours
- High Gloss
- 3.0 mil cadmium free vinyl
- 24" width rolls

### APPLICATION (WET OR DRY)

1. Feed material into the cutter with the paper carrier on the bottom
2. Cut image in a positive form
3. Weed excess material leaving only desired graphic on the carrier
4. Place the pre-mask tape over the graphic making sure there are no air bubbles
5. Remove paper carrier off the back of the vinyl when ready to apply
6. Prep surface making sure the surface is smooth, clean and free of lint
7. Position graphic - use squeegee to remove any air bubbles\*
8. Remove pre-mask and repeat pressing of graphic from center out with fingers

NOTE: if air bubbles remain, puncture with small straight pin and press out with fingers

### STORAGE

Store in an upright position and at temperatures between 60°-78° F and at a humidity of 40 - 60%.
